A series of one day workshops across England outlining the role of bio-electric currents in wound healing. Delegates will be introduced to an innovative technology designed to facilitate cost-effective healing in chronic wounds and will be presented the latest results of a multi-centre programme.

Who should attend?

- Clinicians involved in the management of difficult to heal wounds.
- Managers involved in the commissioning or procurement of wound care services.

Speakers:

- John Timmons** TVN, Grampian Acute Trust and Clinical Manager Wounds UK
- Jackie Griffin** Tissue Viability Nurse
- Martyn Butcher** Clinical Advisor, Biofisica

Dates and Venues:

- Monday 10th September 2007 - Holiday Inn, Filton, Bristol
- Tuesday 11th September 2007 - Hilton Hotel, Cobham, London
- Thursday 13th September 2007 - Aston Villa Conference Centre, Birmingham
- Friday 14th September 2007 - Manchester City Stadium, Manchester

Each study day will run from 9.30am and finish by 3.30pm (lunch included)

Please secure your place by completing the form below or speaking to the Conference Co-ordinator at the Biofisica office on 01256 704555.
